

Classic 21" Column

Classic Colonial

Notes:

1. Use classic Colonial 18 base block.
2. If regular Classics are used, anchor bar and stacking bar need to be removed.
3. Use Super Stik. Adhere each course to the blocks below.
4. 3rd course would look like 1st. 4th course would look like 2nd. Continue pattern.

Classic half block

Note:
Reinforcement to be designed by structural engineer if column height exceeds 6'.

This drawing is furnished for preliminary design purposes only, and should not be used for final design drawings or construction drawings without the certification of a professional engineer registered in the state in which the wall will be constructed.
