

The *Sapphire*[™] XL Wall

Sapphire[™] XL is the ideal block

system for commercial walls — large or small. With its eight inch height and one-foot square face, Sapphire XL is as easy to design with as it is to build. The rear lip on the bottom of each block ensures precise alignment and setback so you can build more efficiently. Besides its impressive building capability, Sapphire XL creates an attractive and economical solution to any slope control.

Radius Split

Size: 8" H x 18" W x 12" D
Weight: 76 lbs.*

Straight

Size: 8" H x 18" W x 12" D
Weight: 80.5 lbs.*

*Estimated weights, subject to change.

*About the curved bottom?
The radius bottom of Sapphire XL eliminates the need for cleaning courses, saving time and hassle.*
