

Lakeland™

Lakeland™ has the sophisticated look of an old brick wall so popular with homeowners today. This tumbled, three piece system offers designers the opportunity and freedom to combine functionality with style. Lakeland blocks can be used to build random-pattern outdoor living rooms, kitchens, islands, garden and seat walls, pillars, planters, and more.

RETAINING WALLS
A better way.™

The Advantages of Lakeland...

It's Fast...

Lakeland™ is an easy to use, multi-piece, mortarless, and pinless wall system. Simply stack and secure Lakeland blocks with Super-Stik® high quality masonry adhesive to build lasting, functional, and attractive outdoor environments.

It's Simple...

Each unit weighs between 10 and 30 lbs., making Lakeland as easy to handle, as it is to install. Its size makes it perfect for any weekend project such as garden walls, seat walls, pillars, columns, planters, egress windows, and small retaining walls.

It's Strong...

Each unit weighs between 10 and 30 lbs., making Lakeland as easy to handle, as it is to install. Its size makes it perfect for any weekend project such as garden walls, seat walls, pillars, columns, planters, egress windows, and small retaining walls.

It's Versatile...

Offering greater design flexibility than pin and lip systems, Lakeland is as popular for its buildability as it is for its great looks. The three units can be arranged to create an endless variety of unique applications.

Lakeland™

Unit specifications, availability, color, and fascia options vary by manufacturer. Please contact your nearest Rockwood manufacturer or dealer for more information.
