

Rockwood Cottage Stone® Retaining Wall Block

Combining functionality, performance and appeal, **Cottage Stone** is perfect for building terraced gardens, tree rings or low retaining walls. The rear lip on the bottom of each Cottage Stone unit ensures exact alignment making it easy to create straight or radius walls. Once the first course has been properly installed, there's no need to worry about block position. Cottage Stone's unique curved bottom saves time by eliminating the need for cleaning courses.

Rockwood Cottage Stone® Retaining Wall Block

The Advantages of the Cottage Stone System...

It's Fast...

Cottage Stone is a mortarless and pinless wall system. A rear lip located on the under side of each Cottage Stone block ensures precise alignment and setback, eliminating guesswork and making installation easy.

It's Simple...

Weighing only 26 pounds, Cottage Stone is as easy to handle, as it is to install. Its size makes it perfect for any weekend project including, but not limited to, terraced gardens, tree rings, and low retaining walls.

It's Strong...

Consisting of high quality concrete, Cottage Stone stands up to the elements. Plus, the integrated rear lip resists soil pressure, creating a maintenance free wall for years to come.

It's Versatile...

Cottage Stone's unique patented design makes it easy to create curves and shapes. Plus, the radius bottom eliminates the need for cleaning courses, saving time, and hassle.
