

Riverland™ Retaining Wall Blocks

Riverland™ has the sophisticated look of an old brick wall popular with property owners today. This tumbled, three-piece system offers designers the opportunity and freedom to combine functionality with style. Tapered blocks builds a random pattern radius outdoor living features, garden walls, and seatwalls — without cutting. Combine Riverland wall with Rockwood's Lakeland wall block to create endless possibilities.

Riverland™ Retaining Wall Blocks

The Advantages of Riverland Retaining Wall...

It's Fast...

Riverland is an easy to use, multi-piece, mortarless, and pinless wall system. Simply stack and secure Riverland blocks with Super-Stik® high quality masonry adhesive to build lasting, functional, and attractive outdoor environments.

It's Simple...

Each unit weighs between 20 and 35 lbs., making Riverland as easy to handle, as it is to install. Its size makes it perfect for any weekend project such as garden walls, seat walls, planters, egress windows, and small retaining walls.

It's Strong...

Consisting of high quality concrete, Riverland is manufactured to withstand the effects of time and mother nature. Dry stacked or secured with professional grade masonry adhesive, Riverland creates maintenance free outdoor structures that stand the test of time.

It's Versatile...

Offering greater design flexibility than pin and lip systems, Riverland is as popular for its buildability as it is for its great looks. The three units can be arranged to create an endless variety of unique applications.

Unit availability, color and specifications vary by manufacturer. Contact your nearest Rockwood manufacturer or dealer for more information.

Riverland Retaining Wall
